

PPWR REGULATION (EU) 2025/40 - DECLARATION OF CONFORMITY

Packaging and logistics transport components

1. ECONOMIC OPERATOR INFORMATION

Company: IPG Intelligent Packaging Group AB
Address: Skallebackavägen 24, 302 41 Halmstad, Sweden
Responsible function: Management / Quality Management

2. SUBJECT OF THE DECLARATION - PACKAGING COMPONENTS

This declaration applies to the packaging components listed below, which are used as logistical transport units in connection with product deliveries.

Component	Material type	Function / classification	Legal conformity
Aluminium pallets	Aluminium (ALU)	Product carrier / reusable transport packaging	Compliant with PPWR; circularity & material minimisation
Wooden pallets	Wood (FOR)	Transport pallet / logistics aid	ISPM 15 compliant; materially recyclable under PPWR
Strapping bands	Polyethylene terephthalate (PET)	Transport securing / packaging aid	Highly recyclable in accordance with PPWR requirements

3. DECLARATION OF CONFORMITY & APPLICABLE REQUIREMENTS

Hereby, we declare under our sole responsibility that the packaging and packaging components listed above comply with the applicable provisions of the EU Regulation on Packaging and Packaging Waste (PPWR), Regulation (EU) 2025/40, as well as applicable national implementing provisions.

In particular, the following criteria are fulfilled:

- Restriction of substances (Article 5): The sum of the concentration levels of lead, cadmium, mercury and hexavalent chromium in the packaging or its components does not exceed 100 mg/kg (ppm).
- Recyclability requirements (Article 6): All materials used are designed so that, at the end of their service life, they can be directed to high-quality recycling and the circular economy.
- Material minimisation (Article 9): The design and weight of the packaging components are limited to the minimum necessary to ensure safety and functionality.
